

**PRESS RELEASE** 

## **GPI IS AMONG THE WINNERS OF THE FIFTH CONSIP TENDER**

# THE GROUP'S ROLE IN STRATEGIC PROJECTS OF THE NATIONAL HEALTH SERVICE IS STRENGTHENED

Trento, 18 November 2025

Gpi S.p.A. is among the winners of the Consip tender for the Digital Health Framework Agreement - Health Information Systems Ed.2. As per established practice, the tender is structured in four main application lots. In Lots 1 and 2, Gpi leads a Temporary Grouping of Companies (RTI), where it placed third and second respectively, while in Lots 3 and 4, where it participates as a principal member within the RTI led by Almaviva S.p.A., it placed third and fourth. The award is final, the operational phase is now beginning.

Regarding Consip tenders, this marks the fifth consecutive contract awarded to Gpi<sup>1</sup>, showcasing the Group's consistent leadership in spearheading strategic digital transformation initiatives within the National Health Service. This ongoing success bolsters Gpi's competitive positioning, reinforcing its leading role in Italy and demonstrating that it stands out as a principal entity capable of handling extensive and complex projects.

Lots 1 and 2 focus on software solutions for the Centralized Booking Centres (CUP), aiming to streamline and expedite access to health services for citizens.

Lots 3 and 4 offer software solutions for the Unified Health Registry, which centralises data at the regional level, and for Clinical Data Repositories, which standardise the collection and processing of clinical information within healthcare facilities.

Every lot encompasses the integration of cloud technologies and artificial intelligence tools, innovations implemented to enhance operational efficiency, elevate service quality, and simplify access to care.

In economic terms, the maximum value of the application lots awarded, including a possible 20% extension, is approximately €749 million. Regarding the amounts assigned to the RTIs in which it participates, Gpi's maximum stakes in Lots 1 and 2 are 36% and 37% respectively, while in Lots 3 and 4 the maximum stake is 26%. In line with traditional procedures for this category of tenders, 50% of the amounts for all lots will be assigned directly in order of ranking, with the other 50% being distributed through competitive bidding that is limited to the successful winners of the Framework Agreement.

The Framework Agreement will have a term of 24 months, with a possible extension up to 12 months. The individual executive contracts will have a maximum term of 48 months from the relative signing date.

<sup>&</sup>lt;sup>1</sup> The Gpi Group was awarded all four previous Framework agreements from the Consip tenders for 'Digital Healthcare', see Gpi press releases dated 25/11/2021; 20/07/2022; 06/11/2023; 09/01/2024.

#### **GPI GROUP**

Gpi's mission is to make the healthcare systems sustainable through their digitisation, so that everyone can receive high-quality care. **Sustainability and social impact** are the guiding principles and play a crucial role in the strategic and investment assessments of the Group, aware that the solutions and services provided to the community have an impact on the quality of life of individuals.

For over 35 years, driven by a patient-centric vision, Gpi has been working to support healthcare systems by providing the skills and innovative tools necessary to improve prevention and treatment processes. This is achieved through the strategic use of advanced software, technologies, and cutting-edge services.

The Group's strategy is designed to meet the evolving requirements of the constantly changing healthcare sector and to facilitate entry into international markets.

The unwavering commitment of its 7,600 employees and a customer base of more than 9,000 across 70 countries, yielded € 510 million in revenue, an EBITDA of € 105 million in 2024.

Gpi S.p.A. is listed on the Euronext Tech Leaders segment of Borsa Italiana, the Italian stock exchange.
